

TRU-FIT[®] BACKING RING

Prevents relative motion and wear on the axle while adding excellent water exclusion properties

- ▶ Eliminates loose backing rings which account for a significant amount of all bearing-related wheel set removals that lead to millions of dollars in lost revenue annually
- ▶ Proven record with over 1.1 million parts in service
- ▶ Universal design fits a wide range of axle dust guards
- ▶ Measurable interference after removal
- ▶ Installation is smooth, simple and reliable
- ▶ Optimized weight to performance ratio
- ▶ Coated Ryno Ring[®] contact reduces fretting and corrosion

AMSTED RAIL, THE GLOBAL LEADER IN FULLY INTEGRATED FREIGHT CAR SYSTEMS FOR THE HEAVY HAUL RAIL MARKET.

Amsted Rail is the world's leading provider of undercarriage and end-of-car railcar components, with facilities spanning six continents. Through our state-of-the-art manufacturing processes, Amsted Rail has been redefining industry standards for innovation and technology since 1877, providing our customers worldwide with unmatched performance and reliability for the long haul.
